## EXPERIENCE

### 2022-2023 DEVELOPER MERN DOCTOR APPOINTMENT SYSTEM

Developed a Doctor Appointment System using the MERN stack (MongoDB, Express.js, React.js, Node.js). Built a responsive interface for booking appointments, implemented secure authentication, and created a robust backend to manage appointments and records. Features included real-time notifications, an admin dashboard, and thorough error handling.

### 2023-2024 FYP HOTEL MANAGEMENT SYSTEM

Developed a comprehensive Hotel Management System for my final year project. Utilized the MERN stack to build a user-friendly interface for managing reservations, integrating secure authentication, and implementing a robust backend for managing hotel operations. Features included room booking, guest management, staff scheduling, and detailed reporting.

### 2023-2024 RESTAURANT WEBSITE DEVELOPMENT

Developed a modern Restaurant Website using the MERN stack. Designed a user-friendly interface for browsing menus, placing orders, and making reservations. Integrated secure authentication and implemented a robust backend for managing orders, customer data, and restaurant operations. Features included real-time updates, a responsive design, and seamless navigation.

## EDUCATION

2020-2021 **Matriculation**  
FBIC Board - 61%

2022-2023 **11th Grade**  
Degree College Affiliated with ICs
